

January 2026
Supplier Statement of Conformity

Acorn Labels Ltd
28 Burrell Road
St. Ives
PE27 3LE

To whom it may concern

Acorn Labels Ltd are manufacturers of Labels and Tray Card on rolls, and also of Printed Tape. Acorn Labels Ltd are also brokers of other transit packaging and packaging consumables. All of these lines are captured within our ISO 9001:2015 scope.

Our labels, tray end cards and printed tape products are manufactured in St. Ives, Cambridgeshire.

Our **labels and traycard** are suitable for use in a food environment, and are accredited to BRC Packaging Standard. However, we operate a basic hygiene system, and therefore these are not suitable for use where packaging is in direct contact with food or required to be hygiene sensitive.

All products are manufactured in compliance with the appropriate UK legislation and are manufactured for the intended use in UK markets only. Specification sheets are available on request.

If you intend to export our product for use outside of the UK please liaise with our Sales Team to ensure you can be provided a suitable product that is compliant for the intended market.

If you need further information, do not hesitate to contact me.

Yours faithfully

Ben Child
