Environmental Policy

To whom it may concern,

Acorn Labels Ltd are manufacturers of labels, traycard and printed tape, and brokers of other transit packaging and packaging consumables.

Our company recognises the importance of environmental considerations and will take these into account at all stages of business planning, development, production and marketing whilst continuing to produce high quality products to our customer's specification and satisfaction.

In particular the following objectives will be pursued as far as is reasonably practicable:

- Conservation of energy;
- Conservation of natural resources used in our manufacturing and dispatch operations, particularly in the use of packaging;
- Minimisation of waste in production and packaging;
- Provision of safe, clean and hygienic working conditions;
- Reduction of noise levels to lowest levels practicable for employees and members of the public;
- Safe storage and disposal of waste to meet "Duty of care" requirements; and
- The responsible development, operation and maintenance of plant and associated processes to reflect the principles above.

In November 2019 Acorn Labels signed up to the Woodland Trust and Woodland Carbon Scheme. A tree planting program that mitigates CO2 emissions by creating more native woodland in the UK, providing habitats for wildlife and creating more green space for all to enjoy;

If you are wishing to explore more sustainable packaging options, our Sales Team are happy to conduct a full product review and discuss 'greener' alternatives and solutions where possible.

If you need further information, do not hesitate to contact me.

Yours faithfully
